

CALL FOR PAPERS

ICASTH 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASTH 2020 : International Conference on Architectural Studies, Theories and History is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architectural Studies, Theories and History. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

History and theories of
architecture

Traditional construction materials

Architectural design and theories

Advanced construction materials

Architecture and building
materials

Art design and landscape
architecture

Building technology science

Architectural environment and
equipment engineering

Green building materials
