

CALL FOR PAPERS

ICCCII 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCCII 2020 : International Conference on Cytokines in Cancers and Innate Immunity is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cytokines in Cancers and Innate Immunity. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cytokines in cancers
Cytokines
Chemokines
Interleukins
Interferons
Cancer

Innate immunity
Adaptive immunity
Immune-check point inhibitors
Tumor microenvironment
Transcription factors
Cell signaling
