

CALL FOR PAPERS

ICDPSIR 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDPSIR 2020 : International Conference on Dermatologic Pediatrics and Skin Infection Research is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Dermatologic Pediatrics and Skin Infection Research. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nutrient deficiencies	Genodermatosis
Pediatric obesity	Acne and treatment
Child psychology	Warts and vitiligo
Pediatric behavioural studies	Bacterial skin diseases
Pain relief therapies and management	Fungal skin infections
Diagnosis and treatment	Viral skin infections
Non-invasive neonatology	Treating dermatitis with therapeutic agents
Neonatal resuscitation	Immunology of pediatric skin infections
Role of progenitor cells in neonatal physiology and necrotizing enterocolitis	Microbial resistance against skin infections
Neonatal nutrition	Pediatric melanoma
Bilirubin encephalopathy	Pediatric atopic dermatitis
Neonatal polycythemia
