

# CALL FOR PAPERS

**ICDTIT 2020**  
**Sep 23-24, 2020**  
**Vancouver, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDTIT 2020 : International Conference on Drug Toxicity and Idiosyncratic Toxicity is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Drug Toxicity and Idiosyncratic Toxicity. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Drug toxicity  
Mechanisms of drug toxicity  
On-target effects  
Off-target effects  
Production of toxic metabolites  
Harmful immune responses  
Idiosyncratic toxicity  
Contexts of drug toxicity  
Drug overdose  
Drug-drug interactions  
Pharmacokinetic drug-drug interactions

Pharmacodynamic drug-drug interactions  
Drug-herb interactions  
Pathology of drug toxicity  
Temporal aspects of toxicity  
Cellular toxicity: apoptosis and necrosis  
Organ and tissue toxicity  
Fibrosis  
Carcinogenesis  
Teratogenesis  
Future directions
