

CALL FOR PAPERS

ICEAPMF 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEAPMF 2020 : International Conference on Engineering Applications and Properties of Magnetorheological Fluids is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Engineering Applications and Properties of Magnetorheological Fluids. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Magnetorheological fluids
Properties and applications of
magnetorheological fluids
Magnetic properties of
magnetorheological fluids

Enhanced properties of
magnetorheological fluids
Super-strong magnetorheological
fluids
High performance magnetorheological
fluids
