

# CALL FOR PAPERS

**ICEPAR 2020**  
**Sep 23-24, 2020**  
**Vancouver, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEPAR 2020 : International Conference on Environmental Planning and Assessment Regulation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Planning and Assessment Regulation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural and environmental engineering	Social and economic development
Environmental planning	Urban development
Assessment regulation	Regional development
Management process	Natural resource management and integrated land use
Sustainability	Infrastructure systems
Design	Governance frameworks
Development	Environmental design
Decision making to carry out land development	Architectural design
Holistic framework	Landscape architecture
Background	Environmental restoration
Regulatory framework	Site planning
Background	Landscape planning
Recent environmental planning processes
