

CALL FOR PAPERS

ICETS 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICETS 2020 : International Conference on e-Management Technology and Strategy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of e-Management Technology and Strategy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world.
