

CALL FOR PAPERS

ICEWN 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEWN 2020 : International Conference on Energy-Water Nexus is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy-Water Nexus. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy-water nexus
Dynamics of the electricity sector
Dynamics of the transport sector
Water used for energy production
Energy intensity
Hydroelectricity

Food, agriculture and water
Climate change, energy and water
Water requirements of energy
technologies
Cooling systems
Water withdrawal and consumption
factors
Regional water availability
