

CALL FOR PAPERS

ICGG 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGG 2020 : International Conference on Geography and Geosciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geography and Geosciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Geography and Geosciences
Global Change and Globalisation
Society and Environment
Risks and Conflicts
Urbanisation and Demographic
Change
Unearthing our Past and Future -
What does the geological record
tell us about where we are headed?
Resourcing Tomorrow
Geoscience Information Revolution
Earth and Planetary Evolution
Geoscience for Society - Major
Earth Science Developments
Geoscience Benefiting Low Income
Countries
Climate change: lessons from the
past; implications for the future
Environmental Geoscience

Geoscience Information
Energy in a Carbon Constrained
World
Mineral Resources and Mining
Mineral Exploration Geoscience
Mineral Deposits and Ore Forming
Processes
Coal - a Myriad of Resources
Petroleum Systems and Exploration
Unconventional Hydrocarbons -
Emerging Fuels
Sedimentation and Sedimentary
Processes
Basin Formation and Continental
Margin Processes
A Dynamic Earth
The Deep Earth
The Early Earth: Hadean and Archean
Development of a Habitable Planet
