

CALL FOR PAPERS

ICMVAS 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMVAS 2020 : International Conference on Military Vehicles and Advanced Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Military Vehicles and Advanced Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Military vehicles	Reconnaissance vehicle
Advances in military vehicles	Military engineering vehicle
Military vehicles in military engineering	Self-propelled anti-aircraft guns
Autonomous ground systems	Self-propelled air defense systems
Modeling and simulation, testing and validation	Military ambulances
Power and mobility	Electronic warfare vehicles
Systems engineering	Military draisnes
Vehicle electronics and architecture	Armoured trains
Armoured fighting vehicle	Helicopter gunships
