

# CALL FOR PAPERS

**ICSIIT 2020**  
**Sep 23-24, 2020**  
**Vancouver, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSIIT 2020 : International Conference on Smart Interfacing and Internet of Things is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Smart Interfacing and Internet of Things. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Smart Sensors  
Smart Interfacing  
Interfacing Electronics  
Embedded Interfacing  
Readout Circuits  
Digital Interfacing

Sensor Networks  
Internet of Things  
Sensor Signal Processing  
Sensing Applications  
Intelligent Instrumentation
