

CALL FOR PAPERS

ICSN 2020
Sep 23-24, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSN 2020 : International Conference on Soil Nailing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Soil Nailing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Soil nailing construction and design
Parametric assessment of soil-nailing retaining structures
Stability analysis and performance of soil-nailing retaining structures

Inspection and performance monitoring
Modern methods of soil nailing
Recent advances in soil nailing
