

# CALL FOR PAPERS

**ICULT 2020**  
**Sep 23-24, 2020**  
**Vancouver, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICULT 2020 : International Conference on Ubiquitous Learning and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ubiquitous Learning and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ubiquitous learning (u-learning)	
Ubiquitous learning environments	
Advances in ubiquitous education	
Pedagogical research for ubiquitous environments	
New technologies developed for ubiquitous education	
Educational psychology for ubiquitous education	
Educational researching in ubiquitous environments	
Advantages and disadvantages of ubiquitous education	
Mobile learning and accessible learning environments	
Permanency, accessibility, immediacy, and interactivity	
Situating of instructional activities and adaptability	
	Mobile devices and hardware technologies
	Software technologies for ubiquitous learning
	Spatial, practical and temporal ubiquity
	Interconnectedness and connectivism
	Globalized transnational networks
	New information and communication technologies
	Learning and teaching technologies
	Educational and technical trends
	Distance learning
	Online-based education
