

CALL FOR PAPERS

ICMIR 2020
Sep 16-17, 2020
Zurich, Switzerland

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMIR 2020 : International Conference on Medical Imaging and Radiation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Medical Imaging and Radiation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Physics of medical imaging
Image processing
Computer-aided diagnosis
Image-guided procedures, robotic interventions, and modeling
Image perception, observer performance, and technology assessment
Biomedical applications in molecular, structural, and functional imaging
PACS and imaging informatics: next generation and innovations
Ultrasonic imaging and tomography
Digital pathology
Pediatric Imaging
Thoracic Imaging

Molecular imaging
Musculoskeletal Imaging
Computerized medical imaging and graphics
Medical imaging
Imaging techniques in ophthalmology
Image guided radiation therapy
Medical Terminology for Urologic Imaging
Cardiovascular Imaging
2D/3D/4D images Trends and Techniques
Neuroimaging
