

# CALL FOR PAPERS

**ICEMDSEAMFM 2020**  
**Oct 22-23, 2020**  
**Bali, Indonesia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEMDSEAMFM 2020 : International Conference on Electric Machines and Drive Systems for Emerging Applications and Magnet-Free Machines is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electric Machines and Drive Systems for Emerging Applications and Magnet-Free Machines. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Transport electrification  
PM synchronous machine  
Magnet-free machines  
Bearing-less machines  
High-speed machines

Direct-drive machines  
Sensorless control  
Model predictive control  
Direct torque control  
Electric machines and drives in  
energy storage
