

# CALL FOR PAPERS

**ICAEWERA 2020**  
**Oct 21-22, 2020**  
**Barcelona, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEWERA 2020 : International Conference on Applications of Electromagnetic Waves and Electromagnetic Radiators and Antennas is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applications of Electromagnetic Waves and Electromagnetic Radiators and Antennas. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Imaging with electromagnetic waves  
Sensing with electromagnetic waves  
Electromagnetic applications in  
biomedicine  
Electromagnetic applications in  
nanotechnology  
Electromagnetic measurements

Electromagnetic modeling of devices  
and circuits  
Inverse scattering and inverse  
electromagnetic problems  
Electromagnetic radiators and  
antennas  
Wireless power transfer based on  
electromagnetic waves  
Radio-frequency identification  
(RFID)
