**Oct 22-23, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACST 2020 : International Conference on Automotive Control Systems and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Automotive Control Systems and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Automotive Control and  
Mechatronics  
Automotive Control Systems  
Thermodynamic Engine Cycles  
Engine Management Systems  
Diesel Engine Modeling  
Engine Control Systems

Driveline Control  
Vehicle Modelling  
Vehicle Parameters and States  
Vehicle Control Systems  
Road and Driver Models
