

CALL FOR PAPERS

ICAMAS 2020
Oct 29-30, 2020
Los Angeles, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMAS 2020 : International Conference on Applied Mechanics and Automotive Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applied Mechanics and Automotive Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Structural Dynamics
Mechatronics
Robotics, Automation and Control
Advanced Materials
Applied Mechanics
Automation, Mechatronics and Robotics
Precision mechanics, mechatronics
Automotive Systems
Ballistics
Biomechanics
Composite and Smart Materials
Compressible Flows
Computational Mechanics

Computational Techniques
Controls
Design
Dynamical Systems
Advanced and Digital Manufacturing
Dynamics and Vibration
Energy Engineering and Management
Engineering Materials
Engineering Systems Design and Analysis
Fatigue and Fracture
Fluid Dynamics
Fluid Mechanics and Machinery
Fluids Engineering
