

CALL FOR PAPERS

ICTWPIS 2020
Oct 29-30, 2020
Los Angeles, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTWPIS 2020 : International Conference on Textile Wet Processing Industry and Standards is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Textile Wet Processing Industry and Standards. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Textile wet processing
Wet processing engineering
Textile wet processing industry
Wet processing technology
Textile wet processing standards
Wet processing of textile material
Textile processing with enzymes
Chemicals used in textile wet processing
Challenges in sustainable wet processing of textiles
Clean trends in textile wet processing

Textile wet processing and the environment
Reduction of pollution sources in textile wet processing
Pollution prevention in the textile wet processing industry
Cotton wet processing
Pretreatment, singeing, desizing, scouring, bleaching and mercerizing
Dyeing
Solution dyeing, fiber dyeing, yarn dyeing, fabric dyeing, union dyeing, cross dyeing and product dyeing
Printing
Finishing
Calendering, raising and crease resistance
