

# CALL FOR PAPERS

**ICMMBC 2020**  
**Oct 08-09, 2020**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMMBC 2020 : International Conference on Magnetic Materials in Bioanalytical Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Magnetic Materials in Bioanalytical Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioanalysis  
Biological fluids  
Biomacromolecule  
Biomarker  
Biomolecule

Drug metabolism  
Magnetic microparticles  
Magnetic nanoparticles  
Magnetic solid-phase extraction
