

CALL FOR PAPERS

ICEESD 2020
Oct 15-16, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEESD 2020 : International Conference on Engineering Education for Sustainable Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Engineering Education for Sustainable Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Building Flourishing Communities
Contemporary Challenges
Curriculum Developments
Novel and Emerging Pedagogical Approaches
Transdisciplinary Approaches
Sustainability Competencies
Non-discipline specific sustainability knowledge and competences in engineering education
Engineering Ethics
Global Dimension in Engineering Education
Innovation and Creativity
Teaching Holistic Engineering

Accreditation Trends and Imperatives
Technology and Teaching
Gender and Engineering Education
Teaching Green Technologies
Industry Imperatives/Implications
Teaching Uncertainty
Context and Complexity to Engineering
Design/Planning/Architecture/Engineering Education for Sustainability
Engineering Education
Incorporating Societal
Economic and Political Dimensions
