

CALL FOR PAPERS

ICMMFNM 2020
Oct 05-06, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMMFNM 2020 : International Conference on Media Manipulation, Fake News and Misinformation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Media Manipulation, Fake News and Misinformation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Media manipulation, fake news, and misinformation
Algorithmic news and manipulation
Media pluralism and algorithmic news provision
News recommender algorithms such as youtube's 'up next' recommender

Sellers of fake followers or 'likes' on social media platforms
Elections and strategies for online news manipulation/disinformation
Regulatory responses, including responses to news manipulation by the platforms
