

CALL FOR PAPERS

ICNAA 2020
Oct 05-06, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNAA 2020 : International Conference on Novel Antibiotics from Actinomycetes is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Novel Antibiotics from Actinomycetes. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Novel antibiotics from
actinomycetes
Antibiotics
Actinomycetes
Drug discovery
Natural products
Secondary metabolites

Antibiotic resistance
Antibiotic targets
Genome mining
Biosynthesis
Drug combinations
Natural product derivatization
