

CALL FOR PAPERS

ICEFPHT 2020
Nov 05-06, 2020
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEFPHT 2020 : International Conference on Efficiency Plus Houses and Building Techniques is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Efficiency Plus Houses and Building Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy plus house
Plus energy house
Efficiency plus house
Renewable energy sources
Microgeneration technology
Low-energy building techniques
Passive solar building design
Insulation and careful site
selection and placement
Modern conveniences
Energy efficient appliances
Low energy building

Autonomous building
Zero energy building
Passive solar building design
Passive solar
Sustainable building
Sustainable energy use
Managing sustainable building
projects
Life cycle of buildings
Sustainable building systems
Sustainable buildings design
