

CALL FOR PAPERS

ICIWMSD 2020
Nov 05-06, 2020
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIWMSD 2020 : International Conference on Interactive Web Mapping and Spatial Data is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Interactive Web Mapping and Spatial Data. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Web mapping
- Types of web maps
- Analytical web maps
- Animated and realtime
- Collaborative web maps
- Online atlases
- Static web maps
- Evolving paper cartography
- History of web mapping
- Web mapping technologies
- Maps delivered by geographic information systems (GIS)

- Free software to generate maps
- Web mapping software
- Web mapping applications
- Groundwater web mapping
- Spatial data
- Software and web mapping
- Interactive web mapping applications
- Design for interactive web mapping
- Geospatial processing and web mapping
- Geospatial and statistical data resources
