

CALL FOR PAPERS

ICKST 2020
Nov 05-06, 2020
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICKST 2020 : International Conference on Knowledge and Smart Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Knowledge and Smart Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computational Intelligence	Ubiquitous Computing
Artificial Immune Systems	Intelligent Applications
Bayesian Networks	Fault Diagnosis
Cognitive Systems	Financial & Stock Market Monitoring and Prediction
Computational neuroscience	Geographical Information System
Data Analysis and Pattern Recognition	Image & Signal and Time Series Processing
Expert Systems	Intelligent Disaster Warning System
Fuzzy Techniques and Systems	Intelligent Web-based Systems
Genetic Algorithms and Evolutionary Computing	Machine & Computer Vision
Knowledge-Based Systems (Knowledge Acquisition, Knowledge Discovery and Data Mining, Knowledge Representation and Management)	Medical & Diagnostic Systems
Machine Learning	Natural Language Processing
Neural Networks	Speech Processing and Synthesis
