

# CALL FOR PAPERS

**ICHIVVS 2020**  
**Nov 09-10, 2020**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHIVVS 2020 : International Conference on HIV Vaccine Strategies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of HIV Vaccine Strategies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

HIV Vaccine Strategies  
T cell-based vaccines  
Adjuvants  
B cell-based vaccines  
Vaccine Concepts  
HIV Transmission  
Innate and Mucosal Immunity  
Viral Vaccine Vectors  
Therapeutic Vaccines and Viral Latency  
Preventive HIV Vaccines  
Innovations in HIV Vaccine Discovery  
Emerging Clinical Trials  
Challenges Facing AIDS Vaccine Development

Hepatitis C Vaccine  
Hepatitis B Vaccine  
Hepatitis A Vaccine  
Hepatitis Vaccines Trials  
Human vaccines infectious and non-infectious  
Vaccines emerging and re-emerging diseases: flu, ebola, HIV and malaria  
Modern technologies in vaccine discovery and development  
Recent trends in attenuated vaccines  
Developing next-gen conjugate vaccines  
Veterinary vaccines  
Virus-like particle vaccines :applications  
Advancements in vaccine development  
Vaccines safety and schedule
