

CALL FOR PAPERS

ICECRAI 2020
Nov 05-06, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICECRAI 2020 : International Conference on Electronics, Computers, Robotics and Artificial Intelligence is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electronics, Computers, Robotics and Artificial Intelligence. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electronics, computers and
artificial intelligence
Electronic circuits and equipment
Communications
Microwaves - techniques and
technologies and EMC
Bio-medical applications and
biomaterials
Software, data bases, and computer
applications

Expert systems and artificial
intelligence
Robotics, mechatronics and control
Electrical engineering
applications
Energy and environmental issues
Educational multimedia application
