

CALL FOR PAPERS

ICMEDA 2020
Nov 26-27, 2020
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMEDA 2020 : International Conference on Mechanical Engineering Design and Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mechanical Engineering Design and Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanical Engineering Design and Analysis
Aerodynamics
Aerospace Systems and Technology
Applications of AI Techniques in Design and Manufacturing
Applied Mechanics
Automation
Biomechanics
CAD/CAM/CAE
Computational Fluid Dynamics
Design and Manufacturing
Energy Management
Fluid Dynamics
Fuels and Combustion

Green Manufacturing
Heat and Mass Transfer
HVAC
Industrial Engineering
Industrial Tribology
Instrumentation and Control
Internal Combustion Engines
Mechanical Engineering
Mechatronics
MEMS / NEMS
Micro-Machining
Modeling of Processes
Nano- Technology
