

CALL FOR PAPERS

ICSSEFP 2020
Nov 26-27, 2020
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSSEFP 2020 : International Conference on Supply-Side Economics and Fiscal Policy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Supply-Side Economics and Fiscal Policy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Supply-side economics

Historical origins of supply-side economics

Supply-side economics in a global economy

The rise and fall of supply-side economics

The empirical foundations of supply-side economics

Fiscal policy theory

Effect on tax revenues

Effect on income inequality
