

# CALL FOR PAPERS

**ICASMEI 2020**  
**Nov 19-20, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASMEI 2020 : International Conference on Application of Sorption Materials in Environment and Innovation is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Application of Sorption Materials in Environment and Innovation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Composite biosorbents  
Sorption  
Composite ion exchangers  
Dyes  
Heavy metal ions

Sorbent life  
Interactions of metal ions with  
sorbents for advanced materials  
Material characterization  
Sorption modeling
