

CALL FOR PAPERS

ICFCI 2020
Nov 19-20, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFCI 2020 : International Conference on Fluorine Chemistry and Imaging is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fluorine Chemistry and Imaging. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fluorine
Synthesis
Medicinal chemistry
Pharmacology
Polymer

Imaging
Probe molecules
Environmental
Structural analysis
Nanoparticles
