

CALL FOR PAPERS

ICAES 2020
Nov 11-12, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAES 2020 : International Conference on Agricultural Engineering and Seeds is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural Engineering and Seeds. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Organic agriculture	Climate change impacts, mitigation and adaptation
Animal conservation and sustainability	Animal conservation and sustainability
Sustainability of crop production, processing and consumption	Renewable energy sources and sustainable agriculture
Agricultural biotechnology	Resiliency of agriculture crops with climate change
Livestock, dairy farming and small ruminants	Fruits and citrus
Veterinary and feeding system	Greenhouses and horticulture
Poultry farming	Agricultural buildings
Aquaculture and fisheries	Agricultural machinery
Field crops	Fertilisers and chemicals
Floriculture	Irrigation and water management
Land and water management	Plants, seeds and propagation materials
Technology and sustainable agriculture best practices	Plant protection and fertilization
Private and public sectors collaboration in agriculture	Post harvest treatment
technology development
