

# CALL FOR PAPERS

**ICPSIS 2020**  
**Nov 11-12, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPSIS 2020 : International Conference on Provable Security and Information Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Provable Security and Information Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Asymmetric provably secure  
cryptography  
Cryptographic primitives  
Lattice-based cryptography and  
security reductions  
Leakage-resilient cryptography  
Pairing-based provably secure  
cryptography

Privacy and anonymity technologies  
Provable secure block ciphers and  
hash functions  
Secure cryptographic protocols and  
applications  
Security notions, approaches, and  
paradigms  
Steganography and steganalysis
