

# CALL FOR PAPERS

**ICWB 2020**  
**Nov 11-12, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWB 2020 : International Conference on Wastewater Bioremediation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wastewater Bioremediation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wastewater bioremediation  
Bioremediation  
Contaminants removal  
Pharmaceutical removal  
Heavy metals removal  
Efficiency process

Constructed wetlands  
Wastewater  
Soils  
Remediation of acidic mine water  
Remediation of acidic mine water  
and soils
