

# CALL FOR PAPERS

**ICBARM 2020**  
**Nov 02-03, 2020**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBARM 2020 : International Conference on Biofuels and Agricultural Raw Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biofuels and Agricultural Raw Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

## Biofuels

Liquid fuels for transportation  
First-generation biofuels  
Second-generation (advanced) biofuels  
Sustainable biofuels  
Biofuels by region  
Current biofuel production and growth opportunities  
Agricultural raw materials  
Sustainable biofuels and bioproducts  
Air pollution  
Biological processes  
Debates regarding the production and use of biofuel

## Current research

Ethanol biofuels  
Algae biofuels  
Jatropha  
Fungi  
Animal gut bacteria  
Greenhouse gas emissions  
Water use  
Agriculture and anaerobic digestion  
Fuel in solid, liquid or gas form  
Agricultural, commercial, domestic and/or industrial wastes
