

CALL FOR PAPERS

ICMWPSS 2020
Nov 02-03, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMWPSS 2020 : International Conference on Medical Water Purification Systems and Solutions is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Medical Water Purification Systems and Solutions. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Medical water treatment solutions
Medical water purification systems
Hospital wastewaters treatment
Water pretreatment
Hospitals and water systems
Disinfection
Water softening and demineralization
Deionization and storage
Distribution and circulation
Sanitation looped conduit
Water purification and filtration in hospitals

Hospital infrastructure
Water treatment for hospitals and healthcare facilities
Cooling systems
Boiler systems
Green water treatment
Sustainable solutions
Water supply planning guide for hospitals
Water technologies
Treatment technologies hospital wastewater
Hospital hygiene and infection control
