

CALL FOR PAPERS

ICRSE 2020
Nov 02-03, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRSE 2020 : International Conference on Renewable and Sustainable Energy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Renewable and Sustainable Energy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Solar Energy
Wind Energy
Sea Power
Hydroelectric Power
Thermal and Recycling
Biomass
Eco-Design
Transportation generation

Distribution Power System
Electricity storage
Energy harvesting
Renewable energy for IT equipments
Green technology
Energy efficiency
Smart Grid
