

CALL FOR PAPERS

ICVMP 2020
Nov 02-03, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVMP 2020 : International Conference on Vascular Medicine and Pharmacology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Vascular Medicine and Pharmacology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Vascular biology and surgery
Vascular diseases: Diagnostic and therapeutic approaches
Vascular forms
Vascular conditions and treatments
Pathogenesis of vascular anomalies
Surgical management of vascular malformations
Vascular anomalies: classification, imaging characteristics and implications
Vascular pharmacology
Genetics and vascular transcriptomics

Paediatric vascular anomalies
Endovascular interventions
Alternative medicine
Cardiac and vascular imaging
Clinical trials
Cardiovascular diseases
Fundamentals of cardiology
Research advancements
Congenital heart defects
