

CALL FOR PAPERS

ICAB 2020
Nov 19-20, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAB 2020 : International Conference on Applied Biosensors is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applied Biosensors. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Applied Biosensors
Array Biosensor
Bioactuators
Bio-electrochemistry
Bioinformation Processing
Biological Materials
Biomedical Applications
Bio-medical Devices for POC
Diagnostics
BioMEMS
Biosensing Principles and Mechanisms
Biosensor Applications

Biosensor Fabrication
Biosensor Interfaces and Membrane Technology
Biosensor Packaging and Assembly
Biosensor's Clinical Validation
Blood Glucose Biosensor
DNA Chips
Instrumentation, Signal Treatment and Uncertainty Estimation in Biosensor
Lab-on-a-chip Technology in Biosensors
Microfluidic Devices in Biosensors
Nanobiosensors and Nanotechnology Used in Biosensors
Neural Sensor
