

CALL FOR PAPERS

ICASDM 2020
Nov 19-20, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASDM 2020 : International Conference on Aerial Surveying and Digital Mapping is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerial Surveying and Digital Mapping. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aerial survey
Advances in aerial surveys
Aerial survey methods and techniques
Aerial survey and analysis of images
Aerial surveying and digital mapping
Aerial photography
Aerial photography software, experience and measurement results

Interpretation of images for various applications
Unmanned aerial vehicles and Aerial surveys
Aeroplanes, helicopters, UAVs, balloons or other aerial methods
Applications of LiDAR in Aerial surveys
Remote sensing and applications in aerial surveys
Aeromagnetic surveys and gravity
Aerophotogrammetry
