

CALL FOR PAPERS

ICCDET 2020
Nov 19-20, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDET 2020 : International Conference on Computer Design Engineering and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Design Engineering and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

| | |
|-------------------------------------|-------------------------------------|
| Algorithms | Computer Graphics and Multimedia |
| Artificial Intelligence | Computer Modeling |
| Automated Software Engineering | Computer Networks and Data |
| Bioinformatics and Scientific | Communication |
| Computing | Computer Security |
| Biomedical Engineering | Computer Simulation |
| Compilers and Interpreters | Computer Vision |
| Computational Intelligence | Computer-aided Design/Manufacturing |
| Computer Animation | Computing Ethics |
| Computer Architecture & VLSI | Computing Practices & Applications |
| Computer Architecture and Embedded | Control Systems |
| Systems | Data Communications |
| Computer Based Education | Data Compression |
| Computer Games | Data Encryption |
| Computer Graphics & Virtual Reality | |
