

CALL FOR PAPERS

ICCICPSS 2020
Nov 19-20, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCICPSS 2020 : International Conference on Cloud-Based Industrial Cyber-Physical Systems Security is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cloud-Based Industrial Cyber-Physical Systems Security. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Networking
Analysis and Attacks
Cache Attacks on the Cloud
Cloud Computing
Cloud Cybersecurity
Cloud Security
Computational Intelligence and Security
Connected Vehicles
Crypto Currencies
Crypto in the Clouds
Cryptographic Directions
Cryptographic Implementations

Cryptographic Pitfalls
Cryptographic Privacy
Cryptography
Cryptography in Real-World Systems
Cyber Physical Systems
Cybersecurity
Embedded Devices
Hardware Cryptography
High-Assurance Cryptography
Internet of Things
Real World Cryptographic Implementations
