**Nov 19-20, 2020**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDT 2020 : International Conference on Drug Transporters is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Drug Transporters. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Drug transporters  
Structure-based computational  
biology  
Pharmacogenomics/pharmacogenetics  
Expression and proteomic studies  
In vitro models

In vivo models  
Functional studies  
Drug-drug interactions  
Drug-endogenous substrate  
interactions
