

# CALL FOR PAPERS

**ICRSISM 2020**  
**Nov 19-20, 2020**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRSISM 2020 : International Conference on Root-Soil Interactions and Soil Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Root-Soil Interactions and Soil Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Soil structure  
Soil management  
Root architecture  
Strong soils  
Root function

Nutrient acquisition  
Water acquisition  
Stress  
Root phenotyping
