

CALL FOR PAPERS

ICRSISM 2020
Nov 19-20, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRSISM 2020 : International Conference on Root-Soil Interactions and Soil Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Root-Soil Interactions and Soil Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Soil structure
Soil management
Root architecture
Strong soils
Root function

Nutrient acquisition
Water acquisition
Stress
Root phenotyping
