

CALL FOR PAPERS

ICSNE 2020
Nov 19-20, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSNE 2020 : International Conference on Sustainable Nuclear Energy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Nuclear Energy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Opportunities and constraints on
new nuclear build
Uranium/Plutonium fuel manufacture

Fuel reprocessing and storage
Decommissioning and fuel waste
disposal
