

CALL FOR PAPERS

ICSST 2020
Nov 19-20, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSST 2020 : International Conference on Suicidology and Suicide Treatment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Suicidology and Suicide Treatment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Suicidology
Lived experience of suicide
Suicide prevention
The role of "big data" in suicide prevention
Innovation in suicide prevention and treatment
Critical methodologies
Suicide, trauma and conflict
Psychological, psychosocial and pharmacological treatments of suicide risk
Suicide in the ageing population

Biological and genetic risk factors for suicide
Indigenous knowledges
Postvention and lived experience
Public health approaches to suicide prevention
Psychological and social risk factors for suicidal behaviour
Migrants, refugees, asylum seekers and socio-political conditions of suicidality
Gender and sexually-diverse persons
Critical suicide approaches in practice (marginal and alternative approaches)
Healing after suicide
