

CALL FOR PAPERS

ICFAFI 2020
Dec 01-02, 2020
Auckland, New Zealand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFAFI 2020 : International Conference on Forensic Autopsy and Forensic Investigation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forensic Autopsy and Forensic Investigation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Autopsy	Clinical autopsy
History	Prevalence
Post-mortem examination	Post-mortem chemistry
Necropsy	Anatomy
Autopsia cadaverum	Process
Purpose	External examination
Identification techniques	Internal examination
Types	Reconstitution of the body
Medico-legal autopsy	Animals
Clinical or pathological autopsies	Ethics
Anatomical or academic autopsies	Cause and manner of death
Virtual or medical imaging autopsies	Medical history of the deceased
Forensic autopsy	Medical records
