

CALL FOR PAPERS

ICIECE 2020
Dec 15-16, 2020
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIECE 2020 : International Conference on Information, Electronic and Communications Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Information, Electronic and Communications Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ad-hoc, Sensor and Mesh Networking
Broadband Access
Communication and Information
System Security
Communication and Information
Theory
Communication QoS, Reliability and
Modelling
Communication Theory
Energy Efficient Networking
Internet Services and Applications
Information Systems Engineering
Multimedia Services, Communication
Software and Services
Multimedia, QoS, and traffic
Modeling

Network Algorithms and Performance
Evaluation
Network Architecture and P2P
protocols
Next-Generation Networking and
Internet
Optical Networks and Systems
Optical Networks for Grid and Cloud
Computing
Security, Privacy, and
Cyber-Physical Computing
Sensor Networks, Embedded Systems,
and Pervasive Computing
Signal Processing for
Communications
Wireless Ad Hoc Networks
Wireless and Mobile Networking
Wireless Communications
